### HAVEN'T RECEIVED YOUR FULL ORDER?

If you have ordered multiple items – multiple thanks – we will do our best to deliver from one location, but it may be necessary to deliver different items from different stores depending what they have in stock. If this is the case, your order may arrive in multiple packages and at different times but you will be notified separately for each delivery.

This might be a little frustrating but it adds a little extra element of excitement to have your different packages race each other to you. In any case, rest assured you will only pay one delivery fee and you will receive multiple tracking links.

### RETURNS & EXCHANGES

Being a group of independent businesses does mean that **online purchases cannot be returned to any physical stores** in our network, and in-store purchases cannot be returned online.

For our returns and exchanges policy please scan this code or visit our website [www.toyworld.co.nz](http://www.toyworld.co.nz) for more information.
